

# Please join us as Vermont Children's Aid Society celebrates 90 Years of Helping Vermont Children and Families!

Since 1919, Vermont Children's Aid Society has been dedicated to helping families support and nurture their children. Founded as an adoption agency, as Vermont's needs have changed, so has Children's Aid. Today's services include:

- Pregnancy counseling
- Expectant Parent Adoption Planning Services
- Birth Parent Counseling Program
- Adoption Placement Service
- Post-Adoption Services
- Child and Family Counseling
- Camp-For-Me
- Kids-A-Part for children and families affected by a parent's incarceration

Please join us for a festive evening to mark these years of service, and to raise the funds needed to ensure that these services will be available for as long as they're needed.
